

**Yellow warning
Rain**

Between
10:00 Mon 30 Oct 2023 and
12:00 Tue 31 Oct 2023

**Heavy rain likely to lead to further flooding and transport disruption.****What to expect**

- There is a small chance of fast flowing or deep floodwater, causing a danger to life
- There is a small chance of extensive flooding to homes and businesses which may lead to collapse or damage to buildings or structures
- Where flooding occurs, road closures are likely, along with bus and train service delays and cancellations
- Dangerous driving conditions could occur because of spray and flooded roads
- There is a slight chance that power and other essential services, such as gas, water and mobile phone service will be lost
- There is a small chance that communities could be completely cut off, perhaps for several days

Further details

Further rain will affect Northern Ireland during the rest of Monday and overnight into Tuesday, becoming heavy and persistent in the east. 20-30 mm of rain falling widely, but 30-50 mm accumulating in the east and 75 to 100 mm over hills (covered by a separate amber warning), this falling onto already saturated ground.

The rain will ease from the south through Tuesday morning.

 Very low likelihood of high impacts
